

"STRIKE ORDER STANDS," SAY LEADERS**Federal Government Oiling Machinery
To Protect Public In Any Emergency****Lever Food And Fuel Act Making Hindrance Of Production
Unlawful Will Be Invoked If Necessary To Compel
Mining Of Fuel Supply For Nation****U.S. TROOPS WILL PROTECT MEN WILLING TO WORK**

The initiative in saving this country from the industrial, commercial and economic crisis which consensus agrees will follow the threatened coal strike today passed from the miners to the government. With the miners standing firm by their announced intention to strike, an extraordinary session of the cabinet met in Washington today to complete plans for the government in connection with the strike. Meeting with the cabinet were Fuel Administrator Garfield and Railroad Director Hines.

The decision has been reached to employ federal troops to protect the miners who ignore the strike order and to invoke the Lever food and fuel act making hindrance of production or necessities unlawful if these measures are deemed necessary. At the same time the Central Coal Operators were to call a conference in Chicago or Cleveland; while the object of this meeting was not announced it was believed plans for meeting the strike would be formulated. In this connection Thomas P. Brewster, chairman of the operators wage scale committee said the miners would not have their demands met unless they rescinded the strike order. The Colorado National Guard was mobilized today for strike duty.

WASHINGTON, Oct. 30.—The government moved swiftly in its announced intention to prevent the coal strike.

Following the receipt of word from Indianapolis that the strike order, set for November 1st, would not be rescinded, Attorney General Palmer, on behalf of the administration declared in statement that "every resource of the federal government will be brought to bear to prevent the national disaster which would inevitably result from the cessation of mining operation."

Mr. Palmer issued his statement after a meeting in which all the members of the cabinet with the exception of those who accompanied the King and Queen of the Belgium in their visit to Mt. Vernon, were present.

The government will act through the powers conferred by the food and fuel control act.

Protection will be furnished those miners who refuse to carry out the strike orders and remain at their work. This means that troops will be sent to coal producing states if violent measures are adopted by the miners' unions to swell the ranks of the strikers.

One of the first steps by the President will be for the protection of the general public. Dr. Harry A. Garfield, U. S. Fuel Administrator, announced tonight that he would advise the President to reinstate immediately the maximum government prices on bituminous coal.

Soft coal prices at present are higher than the government maximum prices.

The President's action, Dr. Garfield said, would nullify any contract made since February 1st for coal at prices higher than the government's old maximum prices.

Another special meeting of the cabinet is expected. At that time an announcement may be expected that will go into detail in explaining just how the government is going to prevent the strike. In addition the war department will undoubtedly begin its arrangement for the quick transportation of troops.

With the summoning of Dr. Garfield to the capitol it was reported that the administration intended to revive the fuel administration so that it might become the President's agency in the crucial situation.

It appeared last night however, that this would not be done. But the government's immediate steps, which may be taken under the food and fuel control act will follow these lines.

1. Complete charge will be taken of all the available coal supply in the country.

2. A system of distribution will be perfected, possibly by the railroad system so that coal can be allocated equitably.

3. A program of conservation will be devised.

4. Profiteering will be prevented.

5. The government will move to protect the independent sources of coal. More than 17 per cent. of the mines in the bituminous coal fields are worked by non-union labor, and while a small per cent. of these may lay off, those remaining will be given the full protection of the government.

The cabinet has no fear that the four railway brotherhoods may act in concert with the striking miners. This is not even considered a remote contingency.

Dr. Garfield came to Washington this morning at the instance of the cabinet. It was announced. He held several conferences with Jos. P. Tumulty and Bernard Baruch, chairman of the former war industries board.

ELLA WHEELER WILCOX DIES

ing a nervous collapse suffered in England. Mrs. Wilcox died at 2:10 this morning. Members of the household said she never recovered from the general breakdown suffered nine months ago.

WASHINGTON, Oct. 30.—With a soft coal strike at midnight Friday apparently unavoidable President Wilson's cabinet was called into extraordinary session today to draft plans for the protection of the public. The meeting which was called for 11 o'clock was attended by Railroad Director Hines and Fuel Administrator Garfield in addition to the cabinet members. Garfield arrived here yesterday and has been in almost continuous conference with other government officials about the coal situation. It is understood he has advised against a renewal of the fuel administration as it was constituted during the war. The Railroad Administration, it is said, could perform any of the functions of the fuel administration through its control of car supply. The government would oversee the distribution of the coal supply above the ground and prevent profiteering because of the strike.

Miners who wish to continue work despite the strike order will be protected by the federal troops if necessary.

INDIANAPOLIS, Oct. 30.—The stage was set today for what may prove the most far-reaching industrial battle in America's history. The curtain will rise at midnight tomorrow. At that time orders calling on 350,000 bituminous coal miners, members of the United Mine Workers of America to strike will become effective.

The strike order stood in the face of appeals from President Wilson and governors of many states that it be rescinded. All hope that the strike order might be recalled by last minute action faded today as union chiefs departed for their homes after drafting a final reply to the President's appeal. They returned to their local posts to direct their forces.

The strike of the bituminous coal-miners is inevitable is the verdict. It was reached after seven hours deliberation. The men fully realized the importance of their decision and were in no hurry to make it.

**MADE ATTEMPT TO BIG CROWD GOING
BREAK JAIL MONDAY TO DUBOIS TO SEE
WILL GET SALTED THE FOOTBALL GAME**

Russell Paul, the DuBois barber who has been in jail for the past several weeks because of his robbery of the rooms of the late Mrs. Mary A. McDonald of that city is in for a very much stiffer sentence than would have been handed out to him, as the result of an escape in which he and another jail inmate were the leading figures Monday night last.

Following his being placed in jail Paul entered a plea of guilty to the charge and appealed to the Court and District Attorney for leniency for his crime. Believing Paul's story that that ready reliance of every crook in trouble—old John Barleycorn—was responsible, at least in part, for his downfall the authorities felt disposed to give the young man another chance and remanded Paul to jail while they gave his case some thought.

Deciding the law's delays were irksome and to slow for a man of his parts, Paul and a fellow prisoner named John Riordan, conceived the idea of taking "French leave." On Monday night they were caught in the act of attempting to dig out of the jail and when this fact was made known to the Judge and District Attorney a different color was given the Paul case and he may be called upon to pay the full penalty for his crime when sentence day arrives.

PRE WAR RATE MAKING TO RETURN

WASHINGTON.—The House finally approved the bill depriving the President of his war powers in making railroad rates without first submitting them to the Interstate Commerce Commission. The bill now goes to the President for his signature. It restores the pre-war system of rate making.

Stimulated by last Saturday's victory, C. H. S. is working hard this week preparing for the game with DuBois. Although the scrubs were cleaned up at Clymer, they came back with more confidence in their plays and with a great deal of experience. As a result, the varsity has been on the jump all week and have received the greatest week's coaching of the season.

A great spirit of rivalry existed between Clearfield and DuBois before football was put out of business by the war, and Saturday's game will mark the revival of this contest, realizing that a great number of Clearfield people, as well as High School scholars, would like to see this game. The management has been endeavoring to get a special train to go to DuBois Saturday.

In order to get this special, the management must guarantee one hundred round trip fares. Quite a number of High School students have already purchased their tickets and many more are planning to go. Any townspeople who wish to purchase tickets may secure them at the Y. M. C. A. or at the High School building.

Clearfield is determined to win this game, but it will be much easier for them if they have a hundred or more rooters to back them up. Let's take a big crowd to DuBois Saturday and show them we can cheer as well as we can play football. DuBois or bust!

STOCK OPENINGS

NEW YORK.—Sharp reactions accompanied the stock market opening today. General Motors, which have led the list during the week was off 1-4 up 3-80, United States Steel opened at 107 1-4 off 3-4, Mexican Petroleum at 252 1-2 up 1-2, Stairbairn at 139 1-2 off 2 1-4.

**MORE INTEREST IS
SHOWN AS ELECTION
DAY APPROACHES**

With the near approach of the important fall election there is an increased interest being shown in the chances of the various candidates out for office, but the campaign seems to lack the pep and vigor that is usually present. This may be because of the fact that the Republican registration is so overwhelming that the results are a foregone conclusion. But it behooves the Republicans not to become over-confident and fail to go to the polls on election day. It is a safe proposition to say that the Democrats are out working and they will be at the polls in full strength on Tuesday.

From all over the county reports are coming in that the prospects for the entire Republican ticket being elected are exceedingly bright. In fact it does not appear that there will be a break along the line. The Republican ticket is composed of men who are capable and energetic, ones who have the confidence of the people and there is no reason why they should not be elected. The Democratic ticket is also composed of capable men, but everything being equal the voters can see no reason for spitting their ticket.

For treasurer the Republicans present the name of Amos H. Rumberger, of Houtzdale, a man who holds the highest esteem of his neighbors and one who is known over the county as an energetic and successful business man. The candidate for register and recorder is Ed. B. Chas. A man who has given excellent service in the office for four years, and one who has gained a host of friends by the capable manner in which he performed his duties. For prothonotary the party presents George W. Ralston, a man who was deputy prothonotary for several years and who impressed the voters at that time by the service that he gave. The election of Mr. Ralston will give an experienced man for the office. For county commissioners Jesse Dale and T. R. Weimer are two winners. Mr. Dale is a member of the present board and has given excellent service, attested to by the fact that he was re-nominated. In Mr. Weimer the Republicans have a candidate whom they can support to the limit. Messrs. Moore and Crisman for auditors will receive unanimous support.

**"JIM, THE PENMAN,"
HIT CLEARFIELD
HARD SATURDAY**

A regular "Jim the Penman," operated in and about Clearfield Saturday last and took some six or eight of our merchants into camp over the forged check route. The "pen pusher" or fellow who realized upon the phony commercial paper, it is alleged, was Earl Lauver, a Lawrence township lad, not unknown in police circles on account of similar performances in the past and a warrant has been issued for his arrest and placed in the hands of Chief of Police Eadie.

On Saturday it is said, Lauver appeared at the Workman's Store on Nichols street and presented a check signed "John S. Willis." When asked by the clerk who the maker of the check was, said it was given him for work done on the Fulton farm and he supposed that it was the name of the man who owned that farm. The clerk said he did not know such a man and Lauver replied, "Well, you know me. I am Earl Lauver," and asked several persons in the store to identify him. He got the \$18 or its equivalent.

Lauver is also charged with separating Jack Wise, of the Riverside Hotel from several "iron men" by means of a check purporting to be drawn by R. H. Lucas, the Fourth Ward coal man.

When the checks were taken to the banks for deposit on Monday the forgeries were discovered and an information was promptly made against Lauver who had taken time by the forelock, so to speak, and had shaken the dust of old Clearfield off his No. 10's and departed hence. A search is being made for the "cheeky checker."

**CONFERENCE REFUSES
TO RESCIND THE ORDER**

INDIANAPOLIS, Oct. 30.—The coal miners stand firm in their determination to strike, John L. Lewis, President of the United Mine Workers of America wired Secretary of Labor Wilson today. Lewis telegraphed in reply to a message from Secretary Wilson to the union heads in conference in Indianapolis making certain suggestions to aid in settling the difficulties between the miners and operators. Wilson's message was not given out here and it was not stated what these suggestions were.

INDIANAPOLIS, Oct. 30.—The miners' conference which met here to take final action on the nation-wide coal strike, announced the strike could not be avoided.

A statement addressed to the public embodied the answer of the miners to President Wilson's demands that the strike orders be rescinded.

The statement points out that the strike was ordered by a convention of the U. M. W. of A. and that no representative of the organization has authority to set it aside.

The statement follows:

"The conference of U. M. W., composed of members of the International Executive board, the scale committees of the Central Competitive district, and the district presidents, United Mine Workers of America, gave most profound consideration to the statement of the President of the United States, which appeared in the public press recently, relative to the impending strike of bituminous miners set for November 1st. No communication was received by the international officers of the U. M. W. of A. from either the President or from the federal government.

"A canvass of the entire situation shows that a strike of bituminous miners cannot be avoided. A regularly constituted convention of representatives of the mine workers held at Cleveland, Ohio, on September 25th, ordered a strike to become effective November 1st, in the event a wage scale was not negotiated before that time. The highest authority in the organization has acted in this matter, and no representatives of the organization have authority to set such action aside. The facts are that the same supreme authority which ordered the pending strike is the same as that which approved the contract which has now expired.

"The responsibility for the strike rests with the coal operators. They have refused to negotiate a wage agreement, notwithstanding the fact that the mine workers' representatives have urged and beseeched them. The fundamental causes which prompted the mine workers to take this drastic action are deep seated. For two years their wages have remained stationary. They appealed, one year ago, to the federal fuel administrator, Dr. Garfield, and from him to the President of the United States, for an increase in wages sufficient to meet the increase in the cost of the necessities of life. Their appeal was rejected and their request refused. Notwithstanding this they continued mining coal until now their contract expires, when they are determined that their grievances must be adjusted in a reasonable and satisfactory manner.

"The courts have held that the workingmen have a right to strike, for the purpose of redressing grievances or righting wrongs. The constitution and guarantees of this free government gives the right to work or quit individually or collectively.

"The mine workers therefore are but exercising the right guaranteed by the constitution and which cannot be taken away by the representatives of government, when they quit work or when they refuse to work until their grievances are adjusted. The mine workers representatives are ready, willing and anxious to meet the coal operators for purpose of negotiating an agreement and bringing about a settlement of the present unhappy situation. They will respond at any time to a call for such a meeting and will honestly endeavor to work out a wage agreement upon a fair and equitable basis. Such agreement alone will put the mines in operation and guarantee the nation an adequate supply of coal. We assert that the mine workers have no other purpose in view—other than to secure a working wage agreement. All of their demands are incorporated in the wage proposal submitted to the coal operators, and each and all are subject to negotiations.

"Conscious of the grave responsibility resting upon the representatives of the coal miners, we have no other alternative than to carry out the instructions of the United Mine Workers convention. The issue has been made and if it must be settled upon the field of industrial battle, the responsibility rests fairly and square upon the coal barons alone."

**SUPREME COUNCIL WILL FORCE HUNS
TO KEEP THEIR ARMISTICE PROMISES**

WASHINGTON, Oct. 30.—The Supreme Council decided today to force Germany to sign a protocol guaranteeing that it will carry out the terms of the armistice. This will be attached to the original treaty as soon as it becomes effective.

R. R. ADMINISTRATION CONTROLS COAL IN TRANSIT; PRIORITY LISTS MADE

WASHINGTON, Oct. 30.—Railroad Director Hines today issued orders which in effect gives the Railroad Administration control of all soft coal now in transit. Hines at the same time made public a priority list which will determine the order in which railroads, homes, and industries will be given available coal.

The priority list issued by Hines is the same as that adopted by the Fuel Administration during the war. It follows: A—Steam railroad, inland and coast wise vessels; B—homes including hotels, hospitals, asylums; C—Navy and army departments, public utilities including plants and such parts of plants that supply light, heat and water for public use; E—production and manufacture of food, including refrigerator plants and municipal, state and county buildings not mentioned above; F—Merchant marine vessels; G—Producers of news print paper and plants publishing daily newspapers.

ALL AMENDMENTS TO THE TREATY BEING DEFEATED

WASHINGTON, Oct. 30.—The last of the amendments to the peace treaty which were designed to place the U. S. on an equality with the British Empire in the league of nations, have been defeated by the senate.

A majority on three separate occasions voted down the amendment which would have increased American voting power to the same strength as that given to Britain and her self-governing dominions.

On the amendment offered by Senator Shields the vote was 31 to 39; on the amendment by Senator Moses, the vote was 35 to 47, on the amendments by Senator Johnson the vote was 35 to 43.

The senate also rejected an amendment by Senator Sherman which would have put God into the treaty by inserting the potent words, used by Lincoln in the Emancipation proclamation "invoke the considerate judgment of mankind and the gracious favor of Almighty God."

JAMES STEVENSON DIES AT CUMBERLAND, MARYLAND

James Stevenson, a former Clearfield boy, died at Allegheny Hospital, Cumberland, Md. at 8:30 a. m. last evening, as the result of a complication of diseases and from an illness extending over several months.

The deceased was the son of the late Robert and Mrs. Blanche Thompson Stevenson, and was born in Clearfield 38 years ago. Nine years ago he was united in marriage with Miss Hazel Hartman, of Clearfield, and his widow and two sons, James, aged 6, and Robert, aged 4, survive to mourn the loss of a living and devoted husband and father. The deceased lived at Berlin, Pa. Joy.

and was engaged successfully in the contracting business. He is also survived by his mother, Mrs. Blanche Stevenson, and one sister, Mrs. Hobart Callahan, of Clearfield.

Funeral arrangements have not been completed as yet, but the remains will be brought to Clearfield for interment.

MRS. VAN DEWALT DIED AT HOSPITAL

Mrs. Van DeWalt, a respected resident of the East End, passed away at the Clearfield hospital yesterday afternoon as the result of an attack of acute diabetes, aged about 60 years.

Mrs. DeWalt was seized by a severe illness and removed to the hospital on Tuesday last. She was unconscious when received at the hospital and remained in that condition until the final summons ended her suffering.

Mrs. DeWalt's husband was one of the Clearfield victims of last year's influenza, dying at the Clearfield hospital and having been ill for one year ago last Sunday.

The deceased possessed a wide circle of acquaintances who sincerely sympathize with her loved ones in their sad and sudden bereavement.

She is survived by two sons and a daughter the eldest boy being eighteen years of age and the youngest about three years.

She is also survived by her mother, Mrs. Charlotte Fowler Wood, of Lancaster, Pa., and three sisters, viz. Mrs. F. W. Zimmerman, of Erie; Mr. J. E. Reed of Bradford; and Mrs. W. M. Brubaker, of Lancaster.

The funeral will be held from her late home on Daisy street, to tomorrow afternoon at 2 o'clock. Interment in Hillcrest Cemetery.

MRS. CONKLIN'S FUNERAL

The funeral of Mrs. Mary M. Conklin will be held from the home of Mr. and Mrs. James Sausserman on Clearfield street, tomorrow afternoon at 2 o'clock. Interment at Hillcrest Cemetery.

LOCAL RAILROADER RECEIVES FINE PROMOTION

A. D. Bingham, for the past three years the efficient round house foreman for the New York Central Railroad Company at the Clearfield yards, has been promoted to a much better position at Rochester, N. Y., and will report for duty at his new place on November 1st.

Mr. Bingham was an able executive and a finished railroader, enjoying the unbounded respect and esteem of his men, who regret very much his leaving Clearfield.

As a testimonial of their esteem, the men presented their retiring foreman with a handsome diamond stick pin, at a gathering last evening, at which the guest of honor was assured of the good feeling of his former employees for him. All united in wishing him God speed on his journey and increased success in his new position.

Mr. and Mrs. Bingham made many warm friends during their residence in Clearfield, who regret very much to see them leave.

A Style That Wears Like The Name It Bears

HERE'S a Suit designed for good natured, strong-purposed men to spend happy month in—a suit embodying in every fibre of materials, every stitch of making, the sturdy character and honesty of its namesake. You young men of 25 to three times as old like it. It will make you square back your shoulders before your friends, because you'll know you look the big, noble part you're playing in life.

And it's a suit that will leave a pleasant memory of long, faithful service—a memory that will keep whispering to you—"Get another Lincoln."

Society Brand Clothes

are strictly a highest quality product. No effort is made to cheapen them in price. Best all-wool materials are selected, best journeymen tailors make them up, then prices are fixed as low as this combination of best can be sold. If our prices seem to you a few dollars higher than prices of ordinary clothes please remember that the quality and service you get in Society Brand are much higher in proportion than the difference in price.

H. J. FLEGAL

CURWENSVILLE

A few town items clipped from the Clearfield County Times, the first paper printed here will be of interest to many Curwensville residents. These items were published in Volume 1 to Volume 3 1872-5:

In pursuance of public notice a meeting of the citizens of Curwensville and vicinity was held February 21st, 1873 in school room No. 5, for the purpose of taking necessary measures for having road facilities for the present and prospective business interests of this section.

On motion Hon. J. D. Thompson was chosen President of the meeting, and Daniel Faust secretary.

Canvassers for subscriptions made favorable reports, showing that about all the funds deemed necessary had been subscribed, and that they found the community in full sympathy with the objects of the meeting and our people ready to contribute liberally, and to improve all the advantages of our location for business and manufacturing purposes. The canvassing committee was continued.

On motion of S. F. McCloskey, Jno. Patton, E. A. Irvin, John Irvin, Zachariah McNaull and Daniel Faust, were appointed a committee to negotiate with the Penna. R. R. Co. for an

extension of the Tyrone & Clearfield railroad to Curwensville.

On motion of Z. McNaull, Samuel Arnold was appointed treasurer.

A number of interesting speeches were made, and a meeting of the committee announced to take place immediately after adjournment.—March 4, 1873.

At a "shooting match" held near the residence of Samuel Moore in Pike township, on Saturday last a tame bear, and an immense lot of "thanksgiving turkeys" were awarded to the best marksmen. The turkeys were pretty well distributed, and the bear was won by the steady arm and sure aim of our friend H. A.

Addleman.—November 5, 1872.

On Wednesday morning last, an old man by the name of George Aregoon, was found dead in his bed at the residence of his son-in-law John Stage, about 1 1-2 miles from this place. A coroner's jury was empaneled, which after hearing all the facts, rendered a verdict to the effect that the deceased came to his death from natural causes.—November 5, 1872.

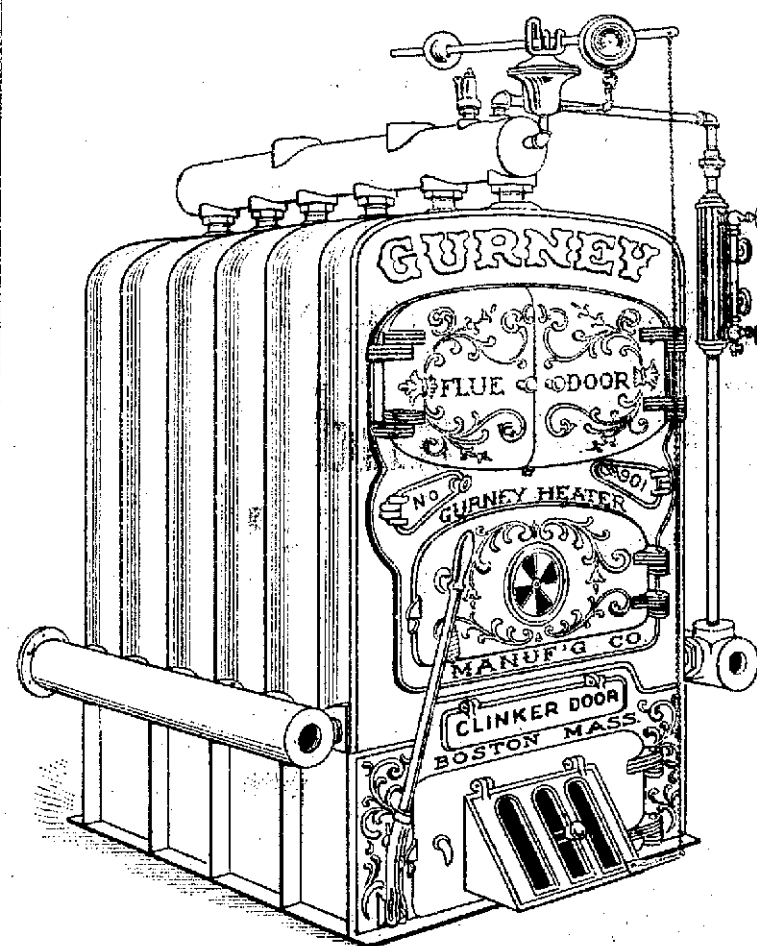

AGED THIRD WARD RESIDENT DIES SUDDENLY

Mrs. Mary M. Conklin, relict of the late Jack Conklin, and a resident of the Mt. Joy section for many years, died suddenly yesterday afternoon at the home of Mr. and Mrs. Levi Conklin, on West River street.

The deceased had been making her home with her nephew, James Sausserman, on West Side, for some time, and after dining yesterday went down to the Conklin home to visit. She had been in the home but a short time when she was stricken and passed away very suddenly.

The deceased was born in Union county, Pa. June 10, 1828, and was therefore in her 92nd year. In company with her husband she came to Clearfield county in 1866, making the journey from Unionville by stage. Since that time she had resided in this neighborhood. Her husband preceded her to that better world several years ago. She is survived by one daughter, Mrs. Jack Owens.

PLUMBING, SHEET METAL WORK, HEATING

Lay a bet on rolling 'em with

PRINCE ALBERT

the national joy smoke

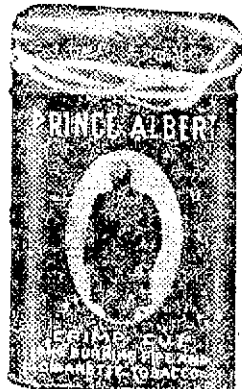

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-ny, what a wad of smokesport will ripple your way every time you fill up!

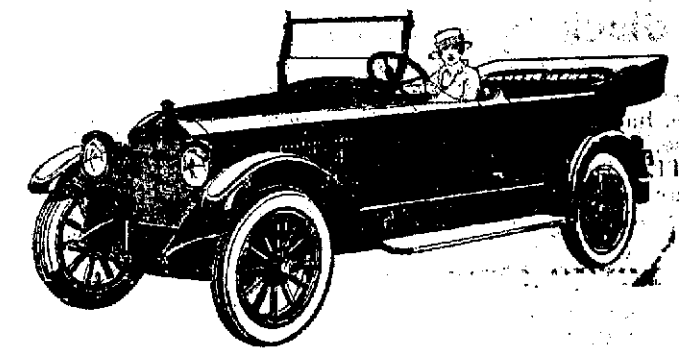

Awaiting your \$20.00, you'll find paper and box, 100 red tins, handsome pound and half pound tin humidors—and that classy, ornate pound crystal glass humidior with orange monogram top that keeps Prince Albert in such perfect condition!

THIS COLUMN FOR BOYS AND GIRLS AND PARENTS

Field Hockey

When the "bunch" has decided to have a field hockey team, it is time to get busy and see if you cannot find an experienced hockey player for coach. Then buy—it costs about a quarter—a standard book of rules. Be sure you get the book on field hockey for girls—not ice hockey for boys. The man in the sporting goods store will help.

Hockey Field

Look at the picture below. It shows a regulation hockey field, 100 yards long, 50 to 60 yards wide. At each end is a goal 4 yards wide, and around the goal a striking circle 15 yards in radius. These lines can best be marked on the ground by lime.

Perhaps your field is not nearly so big, but make it as big as possible. Don't let the boys chase you off either.

Eleven Players

A full hockey team has eleven players. There are five forwards, who, like the forwards on a basketball team, rush the ball into the enemy's territory. The center forward (CF) is the hardest worked one on the whole team. On each side of her are the inside forwards (RI, LI) and the wings (RW, LW).

There are also five backs. Their work is more like that of guards on a basketball team. They keep the enemy from scoring. The half backs (RH, CH, LH) must be fast and long-legged, especially the center half. The full backs (RB, LB) must be steady and always reliable in a pinch.

The goal-keeper is the eleventh. She must have plenty of nerve and must never cease fighting when the ball is in the danger zone.

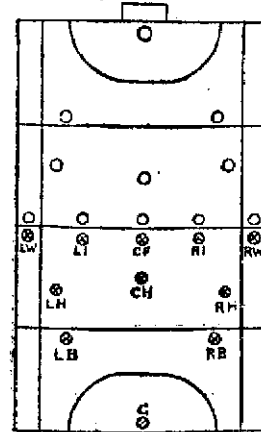

Bullying Off

"Bullying off" starts the game. The ball is placed in the center of the field and each center strikes her stick on the ground and then against the opposing center's stick above the ball. When this is done three times in succession, either may strike the ball and the game is on.

All Sorts of Players

Hockey requires all sorts of different players for the different positions. It develops skill, endurance, alertness, and vigor, qualities that every girl needs.

A final warning—dress sensibly. There is no time in a hockey game to fix loose hairpins.

(Next week: "Outdoor Games for Fall.")

Boys' and Girls' Newspaper Service Copyright, 1919, by J. H. Miller

FOR MEN WHO WORK HARD

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiff joints, sore muscles, backache and rheumatic pains. J. G. Wolf, Green Bay Wis., writes: "Foley Kidney Pills relieved me of a severe backache, that had bothered me for several months. A few bottles fixed me up in good shape." Sold everywhere.

YOUR ATTENTION, PLEASE

If your bowels need a wholesome physic that thoroughly cleanses, sweetens the stomach and benefits the liver, take a Foley Cathartic tablet to-night and you will feel better in the morning. It is a quick and safe remedy for sick headache, biliousness, bloating, sour stomach, gas, bad breath, indigestion, constipation or other condition caused by clogged or irregular

Pile Sufferers! Clever Ohio Chemist

Says This Great Prescription Taken

Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days

No discoverer of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that Miral Pills can be successfully treated and cured at home by a wonderful prescription known to druggists at Miral Pills Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them, after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally is not digested in the stomach, but is rapidly

Sports that Boys Like

Defensive Formations

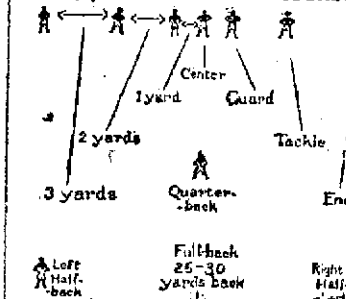

BY A. A. STAGG.

Most boys' football teams are much stronger on offense than defense. The reason is that they give much more thought to developing new plays than to working out strong defensive formations.

There are several kinds of good defensive formations. Some of them are about the same except for the shifting of one or two men. The chief variation in line defense depends upon whether the center plays in the line or back of it, and whether the ends play close and smash, or line out further and play a waiting game.

The diagram shows the commonest plan. The center is in the line; the guards about a yard from center; the tackles about 2 yards from the guards; and the ends about 3 yards from the tackles. The quarterback stands about 5 yards in the rear of the centers. The fullbacks are about 10 yards back, at

Typical Line of Defense

most directly behind the ends. The fullback stands 25 to 30 yards behind the line of scrimmage.

On punts the quarterback drops back with the fullback, and they stand 12 to 15 yards apart in order to cover the field.

When this style of defense is used against ordinary formations the whole line charges. A different style is to have the line charge forward as suggested with the center acting as a "rover" moving with the play. In this case he usually stands 2 feet to a yard back from the ball. Another change, often followed, is to have the center and the defensive quarterback play about 2 1/2 yards behind the line and about 3 yards apart, which permits the two "rovers" to move to the point of attack. In this case the guards usually play in a bit closer.

A modification of end play is to have the ends go out 5 or 6 yards from the tackle and play a waiting game. Another modification is to have the ends play within a yard of the tackle and smash the interference. In this case the center or the guards act as "rovers" and aid in protecting the end.

There are also modifications of backfield formations. Sometimes two backfielders play directly behind the line of scrimmage, while the other two play 15 to 20 yards in rear of the ends.

(Next week: "Offensive Formations.")

(Next week: "Generalship," by Mr. Stagg. Don't miss it!)

Gossip for
Tonight's
Tea Table

Miss Helen Phillips entertained a few friends at her home on Fourth street Tuesday evening, the time being pleasantly spent in playing games and dancing. A dainty lunch was served.

COURT NOTES

Attorney A. R. Chiswick filed a petition in the probate court this morning on behalf of Ella Raden, who seeks to compel her husband, Herbert A. Raden, to pay her counsel fees in the action now pending, in which she asks for a divorce. The statement alleges that the husband is earning \$450 per day as a carpenter at Painesville, Pa.

An affidavit of defense was filed today by Miller and Hartwick, Attorneys for the Radens, Rochester & Pittsburg, in the case in which J. A. Allen is suing the railway company for \$10,000 damages for personal injuries to his son, John A. Allen, Jr. They allege the company is not liable under the circumstances.

Y. M. C. A. NOTES

For the young boys who are unable to go to the dance there will be a short Hallowe'en party after the mummery parade. Everybody invited to see the boys bob for apples and other comic stunts.

Several new members have joined the association and are using the privileges. A Junior boys' ticket costs \$1.00 per year or less than a cent a day.

A large crowd of Senior Men's bowling team met last evening and elected the following officers for the winter: President, Daniel Leffler, Vice President, Ralph Jordan, Secretary, Charles Linnis. They are planning to start the men's league in the near future. All men coming to join should hand in their names at the office or to any of the officers.

"STRIKE ORDER STANDS," SAY LEADERS**Federal Government Oiling Machinery
To Protect Public In Any Emergency****Lever Food And Fuel Act Making Hindrance Of Production
Unlawful Will Be Invoked If Necessary To Compel
Mining Of Fuel Supply For Nation****U.S. TROOPS WILL PROTECT MEN WILLING TO WORK**

The initiative in saving this country from the industrial, commercial and economic crisis which consensus agrees will follow the threatened coal strike today passed from the miners to the government. With the miners standing firm by their announced intention to strike, an extraordinary session of the cabinet met in Washington today to complete plans for the government in connection with the strike. Meeting with the cabinet were Fuel Administrator Garfield and Railroad Director Hines.

The decision has been reached to employ federal troops to protect the miners who ignore the strike order and to invoke the Lever food and fuel act making hindrance of production or necessities unlawful if these measures are deemed necessary. At the same time the Central Coal Operators were to call a conference in Chicago or Cleveland; while the object of this meeting was not announced it was believed plans for meeting the strike would be formulated. In this connection Thomas P. Brewster, chairman of the operators wage scale committee said the miners would not have their demands met unless they rescinded the strike order. The Colorado National Guard was mobilized today for strike duty.

WASHINGTON, Oct. 30.—The government moved swiftly in its announced intention to prevent the coal strike.

Following the receipt of word from Indianapolis that the strike order, set for November 1st, would not be rescinded, Attorney General Palmer, on behalf of the administration declared in statement that "every resource of the federal government will be brought to bear to prevent the national disaster which would inevitably result from the cessation of mining operation."

Mr. Palmer issued his statement after a meeting in which all the members of the cabinet with the exception of those who accompanied the King and Queen of the Belgium in their visit to Mt. Vernon, were present.

The government will act through the powers conferred by the food and fuel control act.

Protection will be furnished those miners who refuse to carry out the strike orders and remain at their work. This means that troops will be sent to coal producing states if violent measures are adopted by the miners' unions to swell the ranks of the strikers.

One of the first steps by the President will be for the protection of the general public. Dr. Harry A. Garfield, U. S. Fuel Administrator, announced tonight that he would advise the President to reinstate immediately the maximum government prices on bituminous coal.

Soft coal prices at present are higher than the government maximum prices.

The President's action, Dr. Garfield said, would nullify any contract made since February 1st for coal at prices higher than the government's old maximum prices.

Another special meeting of the cabinet is expected. At that time an announcement may be expected that will go into detail in explaining just how the government is going to prevent the strike. In addition the war department will undoubtedly begin its arrangement for the quick transportation of troops.

With the summoning of Dr. Garfield to the capitol it was reported that the administration intended to revive the fuel administration so that it might become the President's agency in the crucial situation.

It appeared last night however, that this would not be done. But the government's immediate steps, which may be taken under the food and fuel control act will follow these lines.

1. Complete charge will be taken of all the available coal supply in the country.

2. A system of distribution will be perfected, possibly by the railroad system so that coal can be allocated equitably.

3. A program of conservation will be devised.

4. Profiteering will be prevented.

5. The government will move to protect the independent sources of coal. More than 17 per cent. of the mines in the bituminous coal fields are worked by non-union labor, and while a small per cent. of these may lay off, those remaining will be given the full protection of the government.

The cabinet has no fear that the four railway brotherhoods may act in concert with the striking miners. This is not even considered a remote contingency.

Dr. Garfield came to Washington this morning at the instance of the cabinet. It was announced. He held several conferences with Jos. P. Tumulty and Bernard Baruch, chairman of the former war industries board.

ELLA WHEELER WILCOX DIES

ing a nervous collapse suffered in England. Mrs. Wilcox died at 2:10 this morning. Members of the household said she never recovered from the general breakdown suffered nine months ago.

WASHINGTON, Oct. 30.—With a soft coal strike at midnight Friday apparently unavoidable President Wilson's cabinet was called into extraordinary session today to draft plans for the protection of the public. The meeting which was called for 11 o'clock was attended by Railroad Director Hines and Fuel Administrator Garfield in addition to the cabinet members. Garfield arrived here yesterday and has been in almost continuous conference with other government officials about the coal situation. It is understood he has advised against a renewal of the fuel administration as it was constituted during the war. The Railroad Administration, it is said, could perform any of the functions of the fuel administration through its control of car supply. The government would oversee the distribution of the coal supply above the ground and prevent profiteering because of the strike.

Miners who wish to continue work despite the strike order will be protected by the federal troops if necessary.

INDIANAPOLIS, Oct. 30.—The stage was set today for what may prove the most far-reaching industrial battle in America's history. The curtain will rise at midnight tomorrow. At that time orders calling on 350,000 bituminous coal miners, members of the United Mine Workers of America to strike will become effective.

The strike order stood in the face of appeals from President Wilson and governors of many states that it be rescinded. All hope that the strike order might be recalled by last minute action faded today as union chiefs departed for their homes after drafting a final reply to the President's appeal. They returned to their local posts to direct their forces.

The strike of the bituminous coal-miners is inevitable is the verdict. It was reached after seven hours deliberation. The men fully realized the importance of their decision and were in no hurry to make it.

**MADE ATTEMPT TO BIG CROWD GOING
BREAK JAIL MONDAY TO DUBOIS TO SEE
WILL GET SALTED THE FOOTBALL GAME**

Russell Paul, the DuBois barber who has been in jail for the past several weeks because of his robbery of the rooms of the late Mrs. Mary A. McDonald of that city is in for a very much stiffer sentence than would have been handed out to him, as the result of an escape in which he and another jail inmate were the leading figures Monday night last.

Following his being placed in jail Paul entered a plea of guilty to the charge and appealed to the Court and District Attorney for leniency for his crime. Believing Paul's story that that ready reliance of every crook in trouble—old John Barleycorn—was responsible, at least in part, for his downfall the authorities felt disposed to give the young man another chance and remanded Paul to jail while they gave his case some thought.

Deciding the law's delays were irksome and to slow for a man of his parts, Paul and a fellow prisoner named John Riordan, conceived the idea of taking "French leave." On Monday night they were caught in the act of attempting to dig out of the jail and when this fact was made known to the Judge and District Attorney a different color was given the Paul case and he may be called upon to pay the full penalty for his crime when sentence day arrives.

PRE WAR RATE MAKING TO RETURN

WASHINGTON.—The House finally approved the bill depriving the President of his war powers in making railroad rates without first submitting them to the Interstate Commerce Commission. The bill now goes to the President for his signature. It restores the pre-war system of rate making.

Stimulated by last Saturday's victory, C. H. S. is working hard this week preparing for the game with DuBois. Although the scrubs were cleaned up at Clymer, they came back with more confidence in their plays and with a great deal of experience. As a result, the varsity has been on the jump all week and have received the greatest week's coaching of the season.

A great spirit of rivalry existed between Clearfield and DuBois before football was put out of business by the war, and Saturday's game will mark the revival of this contest, realizing that a great number of Clearfield people, as well as High School scholars, would like to see this game. The management has been endeavoring to get a special train to go to DuBois Saturday.

In order to get this special, the management must guarantee one hundred round trip fares. Quite a number of High School students have already purchased their tickets and many more are planning to go. Any townspeople who wish to purchase tickets may secure them at the Y. M. C. A. or at the High School building.

Clearfield is determined to win this game, but it will be much easier for them if they have a hundred or more rooters to back them up. Let's take a big crowd to DuBois Saturday and show them we can cheer as well as we can play football. DuBois or bust!

STOCK OPENINGS

NEW YORK.—Sharp reactions accompanied the stock market opening today. General Motors, which have lead the list during the week was off 1-4 up 3-80, United States Steel opened at 107 1-4 off 3-4, Mexican Petroleum at 252 1-2 up 1-2, Stairbairner at 139 1-2 off 2 1-4.

**MORE INTEREST IS
SHOWN AS ELECTION
DAY APPROACHES**

With the near approach of the important fall election there is an increased interest being shown in the chances of the various candidates out for office, but the campaign seems to lack the pep and vigor that is usually present. This may be because of the fact that the Republican registration is so overwhelming that the results are a foregone conclusion. But it behooves the Republicans not to become over-confident and fail to go to the polls on election day. It is a safe proposition to say that the Democrats are out working and they will be at the polls in full strength on Tuesday.

From all over the county reports are coming in that the prospects for the entire Republican ticket being elected are exceedingly bright. In fact it does not appear that there will be a break along the line. The Republican ticket is composed of men who are capable and energetic, ones who have the confidence of the people and there is no reason why they should not be elected. The Democratic ticket is also composed of capable men, but everything being equal the voters can see no reason for spitting their ticket.

For treasurer the Republicans present the name of Amos H. Rumberger, of Houtzdale, a man who holds the highest esteem of his neighbors and one who is known over the county as an energetic and successful business man. The candidate for register and recorder is Ed. B. Chas. A man who has given excellent service in the office for four years, and one who has gained a host of friends by the capable manner in which he performed his duties. For prothonotary the party presents George W. Ralston, a man who was deputy prothonotary for several years and who impressed the voters at that time by the service that he gave. The election of Mr. Ralston will give an experienced man for the office. For county commissioners Jesse Dale and T. R. Wehner are two winners. Mr. Dale is a member of the present board and has given excellent service, attested to by the fact that he was re-nominated. In Mr. Wehner the Republicans have a candidate whom they can support to the limit. Messrs. Moore and Crisman for auditors will receive unanimous support.

**"JIM, THE PENMAN,"
HIT CLEARFIELD
HARD SATURDAY**

A regular "Jim the Penman," operated in and about Clearfield Saturday last and took some six or eight of our merchants into camp over the forged check route. The "pen pusher" or fellow who realized upon the phony commercial paper, it is alleged, was Earl Lauer, a Lawrence township lad, not unknown in police circles on account of similar performances in the past and a warrant has been issued for his arrest and placed in the hands of Chief of Police Eadie.

On Saturday it is said, Lauer appeared at the Workman's Store on Nichols street and presented a check signed "John S. Willis." When asked by the clerk who the maker of the check was, said it was given him for work done on the Fulton farm and he supposed that it was the name of the man who owned that farm. The clerk said he did not know such a man and Lauer replied, "Well, you know me. I am Earl Lauer," and asked several persons in the store to identify him. He got the \$18 or its equivalent.

Lauer is also charged with separating Jack Wise, of the Riverside Hotel from several "iron men" by means of a check purporting to be drawn by R. H. Lucas, the Fourth Ward coal man.

When the checks were taken to the banks for deposit on Monday the forgeries were discovered and an information was promptly made against Lauer who had taken time by the forelock, so to speak, and had shaken the dust of old Clearfield off his No. 10's and departed hence. A search is being made for the "cheeky checker."

**CONFERENCE REFUSES
TO RESCIND THE ORDER**

INDIANAPOLIS, Oct. 30.—The coal miners stand firm in their determination to strike, John L. Lewis, President of the United Mine Workers of America wired Secretary of Labor Wilson today. Lewis telegraphed in reply to a message from Secretary Wilson to the union heads in conference in Indianapolis making certain suggestions to aid in settling the difficulties between the miners and operators. Wilson's message was not given out here and it was not stated what these suggestions were.

INDIANAPOLIS, Oct. 30.—The miners' conference which met here to take final action on the nation-wide coal strike, announced the strike could not be avoided.

A statement addressed to the public embodied the answer of the miners to President Wilson's demands that the strike orders be rescinded.

The statement points out that the strike was ordered by a convention of the U. M. W. of A. and that no representative of the organization has authority to set it aside.

The statement follows:

"The conference of U. M. W., composed of members of the International Executive board, the scale committees of the Central Competitive district, and the district presidents, United Mine Workers of America, gave most profound consideration to the statement of the President of the United States, which appeared in the public press recently, relative to the impending strike of bituminous miners set for November 1st. No communication was received by the international officers of the U. M. W. of A. from either the President or from the federal government.

"A canvass of the entire situation shows that a strike of bituminous miners cannot be avoided. A regularly constituted convention of representatives of the mine workers held at Cleveland, Ohio, on September 25th, ordered a strike to become effective November 1st, in the event a wage scale was not negotiated before that time. The highest authority in the organization has acted in this matter, and no representatives of the organization have authority to set such action aside. The facts are that the same supreme authority which ordered the pending strike is the same as that which approved the contract which has now expired.

"The responsibility for the strike rests with the coal operators. They have refused to negotiate a wage agreement, notwithstanding the fact that the mine workers' representatives have urged and beseeched them. The fundamental causes which prompted the mine workers to take this drastic action are deep seated. For two years their wages have remained stationary. They appealed, one year ago, to the federal fuel administrator, Dr. Garfield, and from him to the President of the United States, for an increase in wages sufficient to meet the increase in the cost of the necessities of life. Their appeal was rejected and their request refused. Notwithstanding this they continued mining coal until now their contract expires, when they are determined that their grievances must be adjusted in a reasonable and satisfactory manner.

"The courts have held that the workingmen have a right to strike, for the purpose of redressing grievances or righting wrongs. The constitution and guarantees of this free government gives the right to work or quit individually or collectively.

"The mine workers therefore are but exercising the right guaranteed by the constitution and which cannot be taken away by the representatives of government, when they quit work or when they refuse to work until their grievances are adjusted. The mine workers representatives are ready, willing and anxious to meet the coal operators for purpose of negotiating an agreement and bringing about a settlement of the present unhappy situation. They will respond at any time to a call for such a meeting and will honestly endeavor to work out a wage agreement upon a fair and equitable basis. Such agreement alone will put the mines in operation and guarantee the nation an adequate supply of coal. We assert that the mine workers have no other purpose in view—other than to secure a working wage agreement. All of their demands are incorporated in the wage proposal submitted to the coal operators, and each and all are subject to negotiations.

"Conscious of the grave responsibility resting upon the representatives of the coal miners, we have no other alternative than to carry out the instructions of the United Mine Workers convention. The issue has been made and if it must be settled upon the field of industrial battle, the responsibility rests fairly and square upon the coal barons alone."

**SUPREME COUNCIL WILL FORCE HUNS
TO KEEP THEIR ARMISTICE PROMISES**

WASHINGTON, Oct. 30.—The Supreme Council decided today to force Germany to sign a protocol guaranteeing that it will carry out the terms of the armistice. This will be attached to the original treaty as soon as it becomes effective.

R. R. ADMINISTRATION CONTROLS COAL IN TRANSIT; PRIORITY LISTS MADE

WASHINGTON, Oct. 30.—Railroad Director Hines today issued orders which in effect gives the Railroad Administration control of all soft coal now in transit. Hines at the same time made public a priority list which will determine the order in which railroads, homes, and industries will be given available coal.

The priority list issued by Hines is the same as that adopted by the Fuel Administration during the war. It follows: A—Steam railroad, inland and coast wise vessels; B—homes including hotels, hospitals, asylums; C—Navy and army departments, public utilities including plants and such parts of plants that supply light, heat and water for public use; E—production and manufacture of food, including refrigerator plants and municipal, state and county buildings not mentioned above; F—Merchant marine vessels; G—Producers of news print paper and plants publishing daily newspapers.

ALL AMENDMENTS TO THE TREATY BEING DEFEATED

WASHINGTON, Oct. 30.—The last of the amendments to the peace treaty which were designed to place the U. S. on an equality with the British Empire in the league of nations, have been defeated by the senate.

A majority on three separate occasions voted down the amendment which would have increased American voting power to the same strength as that given to Britain and her self-governing dominions.

On the amendment offered by Senator Shields the vote was 31 to 39; on the amendment by Senator Moses, the vote was 35 to 47, on the amendments by Senator Johnson the vote was 35 to 43.

The senate also rejected an amendment by Senator Sherman which would have put God into the treaty by inserting the potent words, used by Lincoln in the Emancipation proclamation "invoke the considerate judgment of mankind and the gracious favor of Almighty God."

JAMES STEVENSON DIES AT CUMBERLAND, MARYLAND

James Stevenson, a former Clearfield boy, died at Allegheny Hospital, Cumberland, Md. at 8:30 a. m. last evening, as the result of a complication of diseases and from an illness extending over several months.

The deceased was the son of the late Robert and Mrs. Blanche Thompson Stevenson, and was born in Clearfield 38 years ago. Nine years ago he was united in marriage with Miss Hazel Hartman, of Clearfield, and his widow and two sons, James, aged 6, and Robert, aged 4, survive to mourn the loss of a living and devoted husband and father. The deceased lived at Berlin, Pa. Joy.

and was engaged successfully in the contracting business. He is also survived by his mother, Mrs. Blanche Stevenson, and one sister, Mrs. Hobart Callahan, of Clearfield.

Funeral arrangements have not been completed as yet, but the remains will be brought to Clearfield for interment.

MRS. VAN DEWALT DIED AT HOSPITAL

Mrs. Van DeWalt, a respected resident of the East End, passed away at the Clearfield hospital yesterday afternoon as the result of an attack of acute diabetes, aged about 60 years.

Mrs. DeWalt was seized by a severe illness and removed to the hospital on Tuesday last. She was unconscious when received at the hospital and remained in that condition until the final summons ended her suffering.

Mrs. DeWalt's husband was one of the Clearfield victims of last year's influenza, dying at the Clearfield hospital and having been ill for one year ago last Sunday.

The deceased possessed a wide circle of acquaintances who sincerely sympathize with her loved ones in their sad and sudden bereavement.

She is survived by two sons and a daughter the eldest boy being eighteen years of age and the youngest about three years.

She is also survived by her mother, Mrs. Charlotte Fowler Wood, of Lancaster, Pa., and three sisters, viz. Mrs. F. W. Zimmerman, of Erie; Mr. J. E. Reed of Bradford; and Mrs. W. M. Brubaker, of Lancaster.

The funeral will be held from her late home on Daisy street, to tomorrow afternoon at 2 o'clock. Interment in Hillcrest Cemetery.

MRS. CONKLIN'S FUNERAL

The funeral of Mrs. Mary M. Conklin will be held from the home of Mr. and Mrs. James Sausserman on Clearfield street, tomorrow afternoon at 2 o'clock. Interment at Hillcrest Cemetery.

LOCAL RAILROADER RECEIVES FINE PROMOTION

A. D. Bingham, for the past three years the efficient round house foreman for the New York Central Railroad Company at the Clearfield yards, has been promoted to a much better position at Rochester, N. Y., and will report for duty at his new place on November 1st.

Mr. Bingham was an able executive and a finished railroader, enjoying the unbounded respect and esteem of his men, who regret very much his leaving Clearfield.

As a testimonial of their esteem, the men presented their retiring foreman with a handsome diamond stick pin, at a gathering last evening, at which the guest of honor was assured of the good feeling of his former employees for him. All united in wishing him God speed on his journey and increased success in his new position.

Mr. and Mrs. Bingham made many warm friends during their residence in Clearfield, who regret very much to see them leave.

Dinner For Five

\$11.00
— .82
?

Five Middle West men have headed down to dinner at a big hotel. Modestly they ate the potatoes, corn, bread and butter and drank coffee and the check was \$11. Then one of them, says

The COUNTRY GENTLEMAN

happened to be from the day's market and what share the farmer had got of the \$11 and the answer was \$2 cents! And still some folks say the farmer has profited!

Each of the five men had a different idea of what a country gentleman should be. One said he should be a farmer, another a hunter, another a sportsman, another a sportsman, another a sportsman.

In other words, the country gentleman is to be a farmer, a hunter, a sportsman, a sportsman, a sportsman.

A Style That Wears Like The Name It Bears

HERE'S a Suit designed for good natured, strong-purposed men to spend happy month in—a suit embodying in every fibre of materials, every stitch of making, the sturdy character and honesty of its namesake. You young men of 25 to three times as old like it. It will make you square back your shoulders before your friends, because you'll know you look the big, noble part you're playing in life.

And it's a suit that will leave a pleasant memory of long, faithful service—a memory that will keep whispering to you—"Get another Lincoln."

Society Brand Clothes

are strictly a highest quality product. No effort is made to cheapen them in price. Best all-wool materials are selected, best journeymen tailors make them up, then prices are fixed as low as this combination of best can be sold. If our prices seem to you a few dollars higher than prices of ordinary clothes please remember that the quality and service you get in Society Brand are much higher in proportion than the difference in price.

H. J. FLEGAL

CURWENSVILLE

A few town items clipped from the Clearfield County Times, the first paper printed here will be of interest to many Curwensville residents. These items were published in Volume 1 to Volume 3 1872-5:

In pursuance of public notice a meeting of the citizens of Curwensville and vicinity was held February 21st, 1873 in school room No. 5, for the purpose of taking necessary measures for having road facilities for the present and prospective business interests of this section.

On motion Hon. J. D. Thompson was chosen President of the meeting, and Daniel Faust secretary.

Canvassers for subscriptions made favorable reports, showing that about all the funds deemed necessary had been subscribed, and that they found the community in full sympathy with the objects of the meeting and our people ready to contribute liberally, and to improve all the advantages of our location for business and manufacturing purposes. The canvassing committee was continued.

On motion of S. F. McCloskey, Jno. Patton, E. A. Irvin, John Irvin, Zachariah McNaull and Daniel Faust, were appointed a committee to negotiate with the Penna. R. R. Co. for an

extension of the Tyrone & Clearfield railroad to Curwensville.

On motion of Z. McNaull, Samuel Arnold was appointed treasurer.

A number of interesting speeches were made, and a meeting of the committee announced to take place immediately after adjournment.—March 4, 1873.

At a "shooting match" held near the residence of Samuel Moore in Pike township, on Saturday last a tame bear, and an immense lot of "thanksgiving turkeys" were awarded to the best marksmen. The turkeys were pretty well distributed, and the bear was won by the steady arm and sure aim of our friend H. A.

Addleman.—November 5, 1872.

On Wednesday morning last, an old man by the name of George Aregoon, was found dead in his bed at the residence of his son-in-law John Stage, about 1 1-2 miles from this place. A coroner's jury was empaneled, which after hearing all the facts, rendered a verdict to the effect that the deceased came to his death from natural causes.—November 5, 1872.

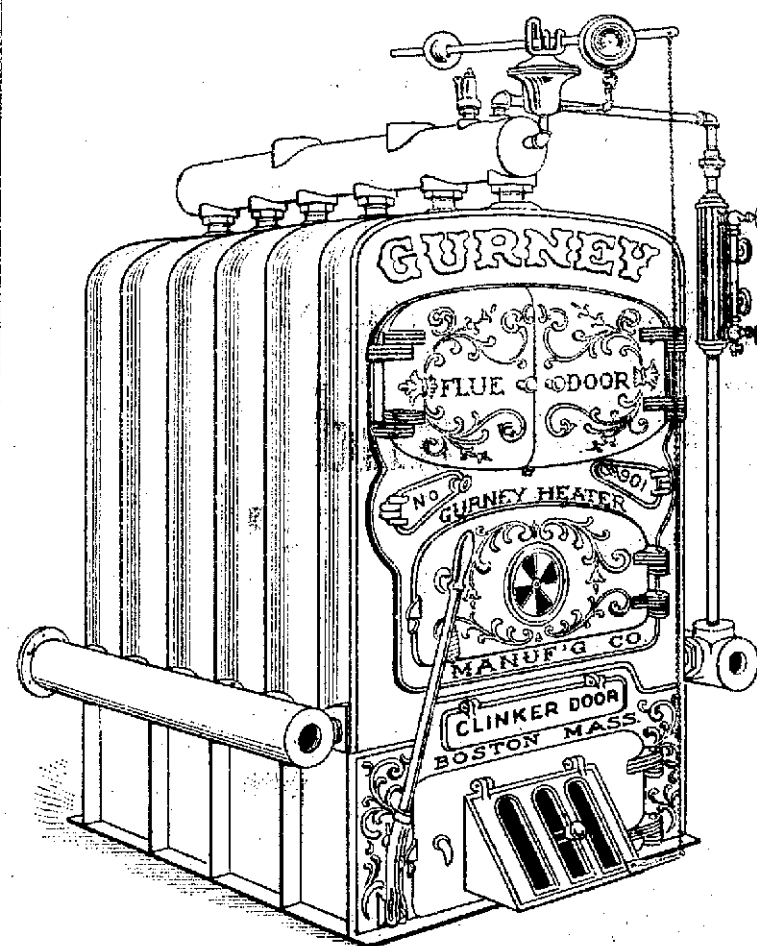

AGED THIRD WARD RESIDENT DIES SUDDENLY

Mrs. Mary M. Conklin, relict of the late Jack Conklin, and a resident of the Mt. Joy section for many years, died suddenly yesterday afternoon at the home of Mr. and Mrs. Levi Conklin, on West River street.

The deceased had been making her home with her nephew, James Sausserman, on West Side, for some time, and after dining yesterday went down to the Conklin home to visit. She had been in the home but a short time when she was stricken and passed away very suddenly.

The deceased was born in Union county, Pa., June 10, 1828, and was therefore in her 92nd year. In company with her husband she came to Clearfield county in 1866, making the journey from Unionville by stage. Since that time she had resided in this neighborhood. Her husband preceded her to that better world several years ago. She is survived by one daughter, Mrs. Jack Owens.

Lay a bet on rolling 'em with

PRINCE ALBERT

the national joy smoke

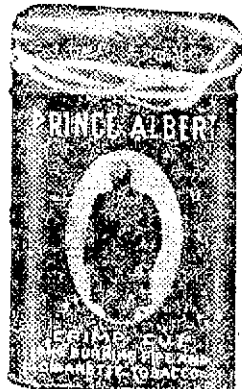

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-ny, what a wad of smokesport will ripple your way every time you fill up!

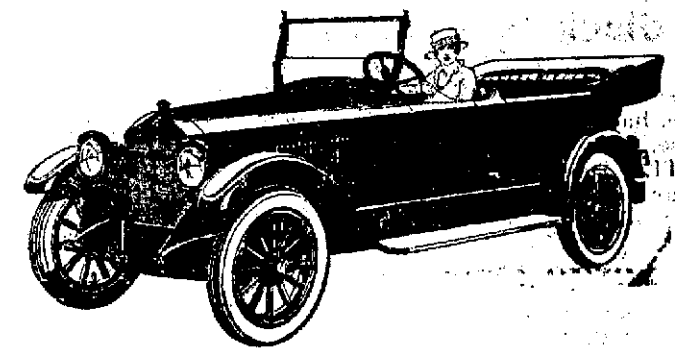

Awaiting your \$20.00, you'll find paper and box, 100 red tins, handsome pound and half pound tin humidors—and that classy, ornate pound crystal glass humidor with orange monogram top that keeps Prince Albert in such perfect condition!

THIS COLUMN FOR BOYS AND GIRLS AND PARENTS**Field Hockey**

When the "bunch" has decided to have a field hockey team, it is time to get busy and see if you cannot find an experienced hockey player for coach. Then buy—it costs about a quarter—a standard book of rules. Be sure you get the book on field hockey for girls—not ice hockey for boys. The man in the sporting goods store will help.

Hockey Field

Look at the picture below. It shows a regulation hockey field, 100 yards long, 50 to 60 yards wide. At each end is a goal 4 yards wide, and around the goal a striking circle 15 yards in radius. These lines can best be marked on the ground by lime.

Perhaps your field is not nearly so big, but make it as big as possible. Don't let the boys chase you off either.

Eleven Players

A full hockey team has eleven players. There are five forwards, who, like the forwards on a basketball team, rush the ball into the enemy's territory. The center forward (CF) is the hardest worked one on the whole team. On each side of her are the inside forwards (RI, LI) and the wings (RW, LW).

There are also five backs. Their work is more like that of guards on a basketball team. They keep the enemy from scoring. The half backs (RH, CH, LH) must be fast and long-legged, especially the center half. The full backs (RB, LB) must be steady and always reliable in a pinch.

The goal-keeper is the eleventh. She must have plenty of nerve and must never cease fighting when the ball is in the danger zone.

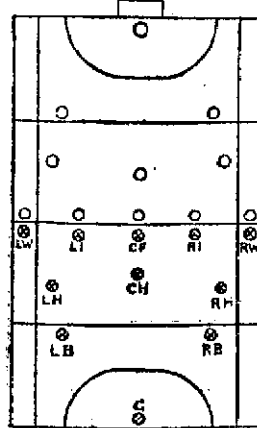

Bullying Off

"Bullying off" starts the game. The ball is placed in the center of the field and each center strikes her stick on the ground and then against the opposing center's stick above the ball. When this is done three times in succession, either may strike the ball and the game is on.

All Sorts of Players

Hockey requires all sorts of different players for the different positions. It develops skill, endurance, alertness, and vigor, qualities that every girl needs.

A final warning—dress sensibly. There is no time in a hockey game to fix loose hairpins.

(Next week: "Outdoor Games for Fall.")

FOR MEN WHO WORK HARD

Factory workers, railroad men, farmers, miners, mill employees and all men who work at hard, straining physical labor are more or less subject to kidney trouble. Nature gives warning signals by frequent lameness, stiff joints, sore muscles, backache and rheumatic pains. J. G. Wolf, Green Bay Wis., writes: "Foley Kidney Pills relieved me of a severe backache, that had bothered me for several months. A few bottles fixed me up in good shape." Sold everywhere.

YOUR ATTENTION, PLEASE

If your bowels need a wholesome physic that thoroughly cleanses, sweetens the stomach and benefits the liver, take a Foley Cathartic tablet to-night and you will feel better in the morning. It is a quick and safe remedy for sick headache, biliousness, bloating, sour stomach, gas, bad breath, indigestion, constipation or other condition caused by clogged or irregular

Pile Sufferers! Clever Ohio Chemist

Says This Great Prescription Taken

Internally Has Never Failed

Even Chronic cases of 20 to 30 Years standing, with profuse bleeding, have been completely cured in from three to ten days

No discoverer of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that

gripes can be successfully treated and cured at home by a wonderful prescription known to

druggists at Mire Pile Remedy.

It has been proved that so called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source

of the trouble.

This prescription, although taken internally is not digested in the stomach, but is rapidly

acted on, reaching the exact place where by

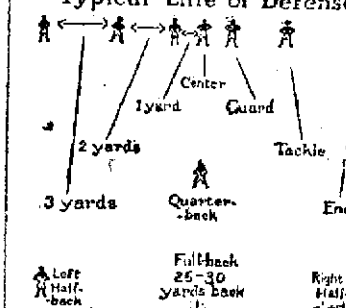

**Sports that Boys Like****Defensive Formations**

BY A. A. STAGG.

Most boys' football teams are much stronger on offense than defense. The reason is that they give much more thought to developing new plays than to working out strong defensive formations.

There are several kinds of good defensive formations. Some of them are about the same except for the shifting of one or two men. The chief variation in line defense depends upon whether the center plays in the line or back of it, and whether the ends play close and smash, or line out further and play a waiting game.

The diagram shows the commonest plan. The center is in the line; the guards about a yard from center; the tackles about 2 yards from the guards; and the ends about 3 yards from the tackles. The quarterback stands about 5 yards in the rear of the centers. The fullbacks are about 10 yards back, at

Typical Line of Defense

most directly behind the ends. The fullback stands 25 to 30 yards behind the line of scrimmage.

On punts the quarterback drops back with the fullback, and they stand 12 to 15 yards apart in order to cover the field.

When this style of defense is used against ordinary formations the whole line charges. A different style is to have the line charge forward as suggested with the center acting as a "rover" moving with the play. In this case he usually stands 2 feet to a yard back from the ball. Another change, often followed, is to have the center and the defensive quarterback play about 2 1/2 yards behind the line and about 3 yards apart, which permits the two "rovers" to move to the point of attack. In this case the guards usually play in a bit closer.

A modification of end play is to have the ends go out 5 or 6 yards from the tackle and play a waiting game. Another modification is to have the ends play within a yard of the tackle and smash the interference. In this case the center or the guards act as "rovers" and aid in protecting the end.

There are also modifications of backfield formations. Sometimes two backfielders play directly behind the line of scrimmage, while the other two play 15 to 20 yards in rear of the ends.

(Next week: "Offensive Formations.")

(Next week: "Generalship," by Mr. Stagg. Don't miss it!)

HEAVY FLANNEL FOR HOME SEWING WEEK

Heavy lumberman's flannels have been scarce and hard to get. This new shipment that we are showing should have been here a month or more ago but here they come dragging along.

Home sewers will be glad to know that we now have a plenteous stock. There is a variety of colors and the weights are just what you want.

Then, too, we have the old fashioned fire red flannels. Lots of folks find that this is hard to get. We now have plenty for you.
